

# Last Night I

*William Virgil Davis*

---

Last night I  
stapled my palm  
with a staple

gun accidentally  
of course but  
it hurt and

even this  
morning it hurts  
still as I

stare at it  
two pin pricks  
of pain and

blood under  
the surface  
showing faintly

like a double  
stigmata am  
I a saint
